OBJECTIVE

Motivated IT Support professional with hands-on experience in Windows and Linux system administration, network troubleshooting, and end-user support. Proven ability to monitor, maintain, and optimize servers, endpoints, and network devices, resolve technical incidents efficiently, and ensure high user satisfaction. Skilled in ticketing systems, Active Directory, remote support, and basic cybersecurity practices, seeking an IT Support role to leverage technical expertise, strengthen IT operations, and provide reliable technical assistance in a dynamic organization.

PROFESSIONAL SKILLS

- Operating Systems: Windows 10/11, Windows Server, Linux (Ubuntu, Kali)
 - Networking & Protocols: TCP/IP, DNS, DHCP, VPN, LAN/WAN troubleshooting
 - Technical Support: End-user support, Helpdesk support, Remote support, Desktop support
 - IT Tools & Platforms: Active Directory, Office 365, ServiceNow, Jira, TeamViewer, AnyDesk
 - Hardware & Software: PC/Laptop setup, Printer configuration, Software installation, Patch management
 - Security & Compliance: Antivirus management, Firewall configuration, User permissions, System monitoring
 - Soft Skills: Problem-solving, Communication, Customer service, Time management
-

WORK EXPERIENCE

IT Support / Systems & Network Support
SAK Consultants Co.

AUG 2025 - PRESENT

- Monitor and maintain servers, endpoints, and network devices to ensure uptime and performance.
- Troubleshoot hardware, software, and network issues for end-users and systems.
- Configure, maintain, and update Windows and Linux workstations and servers.
- Perform incident detection, root cause analysis, and resolution for IT issues.
- Support integration and maintenance of log sources and monitoring tools for system health and security.
- Conduct vulnerability checks and routine system audits to improve network and endpoint stability.
- Assist in malware detection and removal, ensuring systems remain secure and operational.
- Document technical issues, resolutions, and standard operating procedures (SOPs) for future reference.
- Collaborate with IT teams to implement patch management, software updates, and configuration changes.
- Provide end-user support via remote tools, email, and on-site troubleshooting.

Cyber Security Analyst -Intern Indian Edu Programs

JAN 2025 - AUG 2025

- Conducted vulnerability assessments and documented risks with mitigation strategies.
- Monitored simulated security events and analyzed logs to detect potential threats.
- Configured firewalls, IDS/IPS tools, and Linux-based security setups.
- Assisted in penetration testing exercises to enhance threat detection processes.
- Monitor, analyze, and respond to security events using Splunk and SIEM tools. Tune alerts, dashboards, and correlation searches to improve threat detection and reduce false positives.

IT Security Trainee Indian Edu Programs

AUG 2024 - DEC 2024

- Designed and implemented secure cloud systems (MIOACSR) using cryptographic methods and secure coding practices.
- Conducted risk assessments and threat modeling for project use cases.
- Assisted in monitoring and analyzing security events to support proactive defense measures.

Technical Support Intern - Networking & Systems Google Cyber Security Internship

DEC 2023

- Secured network and system environments following industry best practices and hardening standards.
- Monitored and analyzed logs to detect threats and support incident response activities.
- Automated monitoring and alerting tasks using Python to enhance detection and response efficiency.

CERTIFICATIONS & COURSES

- Certified Ethical Hacker (CEH v13) – EC-Council | Jun 2025 – Aug 2025
- Network Security Operations Fundamentals – Palo Alto | Dec 2025
- Cybersecurity Assessment – Learn Tube
- Python Master Class – DevTown | May 2023

EDUCATION

MASTERS IN COMPUTER APPLICATIONS – CYBER SECURITY (Pursuing)
Amity University, India

BACHELOR OF ENGINEERING – INFORMATION TECHNOLOGY – (2021 – 2025)
ISL Engineering College, India

LANGUAGE PROFICIENCY

- English – Expert / Native
- Arabic - Intermediate
- Urdu / Hindi - Native
